Dear Nat:

Thank you for the wonderful job of facilitation you did for Pocono Healthy Communities Alliance at our Board of Directors Planning Retreat on Tuesday, March 13th. Everyone commented afterwards about how well it went, how useful they thought it will be and what good conversation we all had. And we all noted that you, Nat, made that happen through your skilled facilitation, thoughtful listening, and gentle encouragement.

We are so grateful for your contribution towards Pocono Healthy Communities Alliance's success in the coming years. We will remember you as we move into deeper levels of conversation and decision-making based on the work from Tuesday.

Thank you for your willingness to support a community non-profit with your talents that are worth so much to others.

Sincerely,

Eve Wenger  
Executive Director
